3rd Grade News

By Mrs. DeAngelis

The Room 313 Third Grade Girls are fabulous! In these first full two weeks of school, we found "Just Right Books" while learning about reading with fluency, envisioning our stories, and reading comprehension. We also practiced writing our "Small Moments" stories, including the small moment we all shared: taking an all-school picture outside. But where these third grade girls really shone was in math. How on earth did they master place value, the different forms of writing numbers, comparing numbers and even some geometry in just two weeks? Brilliant! We also started cursive writing. Exciting for some, scary for others. But what matters most? Our middos! These fab third grade girls proved that they can show respect by talking only at appropriate times, and not in the halls. We also discussed why it is important to keep our hands down when someone is taking a picture of us as a group. No one's family wants to see bunny ears behind their child's head, or their child's face being blocked because our neighbor put his or her arms up and in front of us. The third grade girls can be responsible by cleaning up around their lockers, even if the mess isn't theirs. They can be safe by pushing in their chairs so they don't accidentally trip anyone. They may have even earned Middos Matter treats and a math game. Ask one of our fab third graders if they did... What a wonderful two weeks we've had!

3rd Grade News

By Ms. Oberlander

Ms. Oberlander's 3G students recently began their first Mystery Science unit "Stormy Skies" answering the question, "Where do clouds come from?" Each student created an interactive anchor chart crafting images of four commonly known cloud formations using cotton balls. Those included: Cumulus Clouds; Stratus Clouds; Cirrus Clouds; and Cumulonimbus Clouds. These will later be used for another part of the lab in supporting identifying the cloud formations and predicting weather. In the photographs.

4th Grade News

By Talia Schwartz, Avigayil Goldberg, and Ahuva Grunfeld

In Mrs. Dubovick's 4th grade class we are enjoying Chumash and Rashi and it is super fun. We really like learning Parsha. We also like key words and we like our Ivrit words. We enjoy davening so much. We really like going down to the Bais Medrash with Mrs. Reiss's class and singing together Shabbos songs on Friday. We are good at doing our homework. We like being kind to one another especially in Elul! We liked hearing Rosh Hashanah stories in Ivrit while we are coloring our honey dishes for Rosh Hashanah, which we will laminate! Have a good Shabbos!

3rd Grade Art News

By Mrs. Greenberger

The Art Cart

The artists of Arie Crown have worked hard to create beautiful landscapes. They learned how to sketch layers of land to create a look of vast space, how to draw winding roads and other details, and how to vary the sizes of their

details to create an optical illusion. The first step was to sketch out their designs. Once that was done, they traced over their sketches with black permanent marker and erased any left over pencil marks. Then came the task of choosing colors to bring their drawings to life. Lastly the artists rubbed oil on the back of their drawings to give them a translucent effect. They're especially magnificent when held up to the sunlight! Warm and cool color groupings will be the focus of our upcoming art work.

Keep drawing!

DAY OF LEARNING

Thank you to Sylvia and Leo Feigenbaum for dedicating Wednesday's learning, September 18—18 Elul, in memory of **חיים אריה בן שאכנה שלום**, Henry Berger ע"ה, on the occasion of his 29th yahrzeit.

To sponsor a day or week of learning, please contact Sam Medow in the Business Office. Thank you.

MIDDOS MATTER CORNER

Arie Crown's Middos Matters school-wide initiative is off to a great start! "Be Respectful, Be Responsible, Be Safe" is our theme.

Thank you to Mrs. "Bee" for coming to our Kindergarten classes to teach us all about bees and how they make honey!

Pre-Nursery has fun
with apples!

The PN Yeladim learned that apples aren't just for eating plain. We can peel them, bake them into our challahs, and cook with them to make delicious applesauce!

Kindergarten had a visit from
the Shofar Factory!

Thank you to Rabbi Schanowitz from
the Shofar Factory who showed us
the different animals a shofar can be
made from and for showing us how
to make a shofar.

Dear Families,

The Box Tops for Education program is changing the way we can earn cash for our school!

Over the summer, participating brands have begun to change their packaging from the traditional Box Tops clip to the new Box Tops label.

**SCAN
YOUR RECEIPT**

Going forward, instead of clipping from packages and checking expiration dates, all Box Tops will be earned digitally by scanning your receipt. The Box Tops for Education team has worked hard to build a NEW-and-improved, user-friendly Box Tops mobile app, available now.

The new app features state-of-the-art technology that allows you to scan your store receipt, find participating products and instantly add Box Tops to our school's earnings online.

**BE SURE TO DOWNLOAD THE NEW APP
OR UPDATE YOUR EXISTING APP:**

If you still have traditional Box Tops clips at home, make sure to send them to school. We will still earn cash for all clipped Box Tops until they expire. Better yet, you can “double dip” during the packaging transition by clipping traditional Box Tops AND scanning your store receipt containing participating products.

Thanks for helping our school get what it needs!
