WHERE MIDDOS AND LEARNING ARE LINKED TOGETHER

The Chicago Chesed Fund would like to thank Rabbi Cohen and Rabbi Goykhman's 8th grade boys for their help last week at our warehouse. The students enthusiastically packed over 150 paper goods boxes and over 120 aluminum pan packages for our clients to use this Pesach. We are so grateful for their time and efforts, and hope that they left feeling very good about their accomplishments!

## 100th Day of School!

Mrs. Stein's class celebrated 100th day by playing different math games like race to 100, writing what they would buy if they had \$100, and doing a STEM project of building something with 100 cups.

Mrs. Coe's second grade girls had the best time celebrating the 100th Day of School on February 17th. They definitely proved that learning can be fun!! During math the girls beaded necklaces. The catch; they had to skip count! Each bead had a value of two. The girls had to skip count by 2's to get to 100.

Mrs. Coe's second grade girls had a reason to celebrate Tuesday in school! It was 2-22-22! The class enjoyed listening to the book *Two of Everything* while eating their snacks, Double Stuff Oreos and pears!! Then everyone had fun matching each other with our 2 year old pictures. After the 30 second countdown at 2:22 the girls colored oversized shirts. On the front of the shirt they wrote, "I was in grade 2 on 2-22-22" and on the back the entire class signed the shirt.

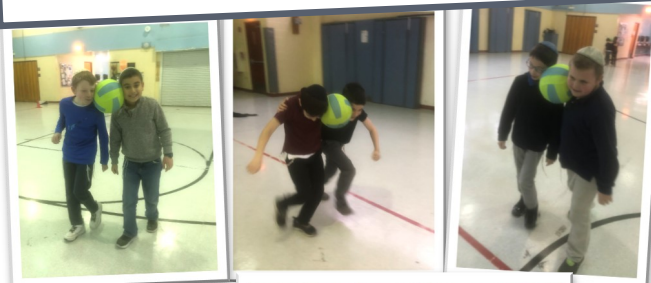

Mazel Tov to this week's  
Mystery Person: Davidi Raccah  
from Morah Feigenbaum's  
2nd grade boys' class  
for being caught beautifully  
following expectations!

We continued the TWOSDAY celebration in the gym.  
The 4th (2+2) graders participated in partner relays,  
leapfrog, wheel barrel races, a "Two-Two" exchange, along  
with a challenging game of partner volleyball.  
Students worked with their classmates to promote  
cooperation and sportsmanship!  
Mrs. Jedd and Mrs. Meged

The third grade boys had so much fun working together  
to celebrate the 100th day of school!

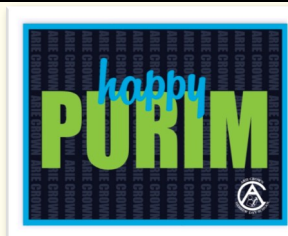

**DAY OF LEARNING**

Thank you to **Roslyn Kohanchi and Family** for sponsoring Tuesday's learning, February 22—21 Adar I in loving memory of **Youssef Ben Benyamin Amrami** on his first Yahrzeit. By his daughter, Roslyn and family.

Thank you to **Schuyler, Sarah, Chana, Tzvi, Eliana and Yehuda Abrams** for dedicating Wednesday's learning, February 23—22 Adar I in loving memory of our Zaidie and Zaidie-Zaidie, **Avraham Mordechai ben Shlomo, Mr. Max Abrams, z"l**, in commemoration of his 13th Yahrzeit on Chof Beis Adar. PRE-NURSERY

NURSERY

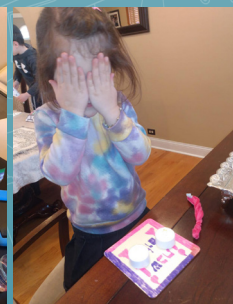

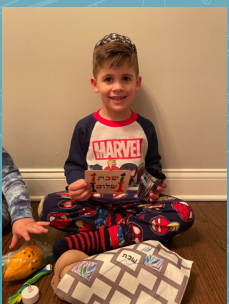

KINDERGARTEN

The Nursery Yeladim began learning all about Purim! They enjoyed creating colorful patterned hamentashen to decorate the classroom windows! It's really starting to feel like Purim in Nursery!

The Nursery Stay & Play learned all about oceans! They went fishing, searched for shells in the sand, examined a real starfish, made their very own jellyfish, and more!

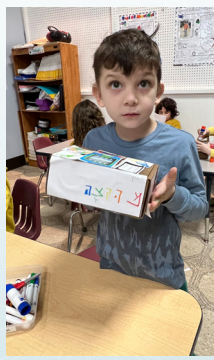

The Pre Nursery Yeladim have completed their Shabbos play sets after learning about Shabbos for the past couple of weeks.

The Yeladim in Kindergarten gave מחצית השקל just like the B'nai Yisroel in the מדבר.

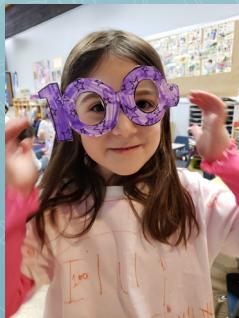

For this week's Parsha, the Kindergarten Yeladim learned what they can and cannot do on Shabbos. To help them prepare for Shabbos, they made a muktza box. It can be used to put in your phones and car keys or other small things not used on Shabbos.

The Kindergarten Yeladim are busy getting ready for Purim. They are so excited!

The Kindergarten Yeladim are very excited to be finishing their צהוב (yellow) אב-א-ב sefer! Next they start their last sefer!

Woohoo! We made it! The Kindergarten children celebrated our milestone 100th day of school! Our activities for the day included counting and sorting 100 objects, practicing skip counting by 10's, making a tower out of 100 cups, and completing the writing prompts "When I Am 100 Years Old" and "If I Had \$100 Dollars". We did 100 exercises and made the number 100 out of licorice and cookies. Each child took home a bag with a certificate, pencil, wristband, sticker, and a personalized \$100 bill.

## Do you have a background in math or science?

Become a full-time **teacher** for  
our community while getting paid!

EDGE is now accepting limited enrollment for  
the 2022-2024 cohort.

**The application deadline is March 10, 2022.**

Applications are reviewed on a rolling basis, so apply  
soon for the best chance of acceptance!

To apply or to learn more, visit [www.edgetraining.org](http://www.edgetraining.org)  
or call Daniel Alkhovsky at 773-649-5355.

Walder Science is pleased to present EDGE, a program  
designed to address the shortage of math and science teachers  
in Jewish community high schools and yeshivas in Chicago.  
Participants with a background in math or science will follow  
a cutting-edge, 2-year curriculum modeled after the education  
programs of renowned universities including Stanford  
University and the University of Wisconsin. Participants  
will receive ISBE licensure and gain practical experience by  
concurrently teaching up to 3 math or science courses.

**Best of all, each participant will receive a salary of \$45,000  
during the program. That's right, participants will get  
paid while training and help the community by raising the  
standard of education within the observant school system.**

EDGE coursework is provided in partnership with and accredited by  
Hebrew Theological College, a member of the Touro College System.

# Spark Your Children's Curiosity with STEM Learning
