## 3rd-8th Grade News

By Yael Garden and Eliana Isenberg

Last week Monday was our annual Chinese Auction. The 3rd-8th grade girls were very lucky to attend this event, where we were able to raise money for the Joan Dachs Hachnosas Kallah fund. The girls were able to bring money and purchase tickets to enter in raffles or get delicious food. We would like to thank the people who very generously sponsored this event. Mr. and Mrs. Andrew Rashkow, Mr. and Mrs. Shmuel Mashiach, Mr. and Mrs. Andrew Glatz, and Mr. and Mrs. Bruce Leon. Special thanks to Aviva Applebaum for the cotton candy machine, and the whole 8th grade for all your hard work. We would also like to thank Mrs. Prero and Mrs. Heinemann for making the delicious french fries and for all your help.

## 4th Grade News

By Mrs. Quiroga

### Measuring Mass

Mrs. Quiroga's 4th grade Boys class went outside to find objects to measure mass. Their instructions were to find objects that were of equal size/shape/form and try to guess which one had the greater mass. They recorded their observations one day, and then on Friday of last week they had used a balance to check their observations. Here are some of their thoughts and observations:

#### **Aharon Zisook and Daniel Raccah – Observation of Pencil and Plastic**

"We thought that the pencil was heavier and had more mass. We thought the pencil weighed more. It did weigh more, but mass is how much matter something has in it. It did have more mass, which is what we thought, but it was closer than we thought it would be."

#### **Jonah Goizman, Daniel Leibtag, Bennett Kroll – Observation of Darker vs. Lighter woodchip**

"We discovered that the darker woodchip had more mass than the lighter woodchip, even though it had more holes and it was the same size"

#### **Kivi Samberg – Observation of a Rock with "stuff in it" vs. Another rock with nothing in it.**

"We found a rock that had stuff in it, however the other rock had more mass. We had so much fun doing this experiment."

#### **Avi Hunter – Observation of two rocks**

"I explored mass on a balance. I was surprised that a rock with bigger holes has more mass compared to a rock about the same size with much smaller holes."

#### **Ezra Trilisky and Elya Gendelman – Observation of rock and woodchip**

"It doesn't mean if an object is bigger it has more mass. For example, we had a rock and a woodchip. The woodchip was bigger but it had less mass."

#### **Avromi Applebaum – Observation of small log and a rock**

"Some stuff has more mass than you think. A small log had 296 grams and a rock had 255 grams. They were about the same size, and we thought the rock had more mass, but the log actually had more mass."

#### **Ezzie Lebedinsky – Observation of bigger rocks and smaller rocks**

"You can think that a big rock is bigger, and has more mass than a smaller, but I found out that a few small rocks actually have more mass than the one big rock".

Dear Families,

The Box Tops for Education program is changing the way we can earn cash for our school!

Over the summer, participating brands have begun to change their packaging from the traditional Box Tops clip to the new Box Tops label.

SEE THIS...  
**CLIP IT**

SEE THIS...  
**SCAN**  
YOUR RECEIPT

Going forward, instead of clipping from packages and checking expiration dates, all Box Tops will be earned digitally by scanning your receipt. The Box Tops for Education team has worked hard to build a NEW-and-improved, user-friendly Box Tops mobile app, available now.

The new app features state-of-the-art technology that allows you to scan your store receipt, find participating products and instantly add Box Tops to our school's earnings online.

**BE SURE TO DOWNLOAD THE NEW APP  
OR UPDATE YOUR EXISTING APP:**

If you still have traditional Box Tops clips at home, make sure to send them to school. We will still earn cash for all clipped Box Tops until they expire. Better yet, you can “double dip” during the packaging transition by clipping traditional Box Tops AND scanning your store receipt containing participating products.

Thanks for helping our school get what it needs!
