Last Friday, the 2nd grade girls in Morah Grinblatt's and Morah Schwartz's classes had a Siyum for finishing their Kriyah Berura books! The girls got Aleph-Bais cookies and Oodles so that they could make letters and nekudos and turn them into words! As everyone enjoyed their treats, we played Hangman with some of the words and kriyah rules we learned throughout the year. It was so nice to celebrate a year of hard work this way!

### DAY OF LEARNING

Thank you to **Sammy, Ezra, and Yosef, Eli & Chana Lebovics** for sponsoring Sunday and Monday's learning, May 23-24—12-13 Sivan in loving memory of our Great Grandpa, **Ray Packouz a"h, Reuven Avigdor ben Chaim Mordechai**. May his neshama have an aliyah.

Thank you to **Ruthie and Jesse Novit** for sponsoring Tuesday's learning, May 25—14 Sivan in honor of **Uncle Randy**.

Dedicating a day of learning at Arie Crown is a meaningful way to commemorate a Yahrtzeit, merit a Refuah Sheleima, and recognize a special occasion or Simcha. If you are interested in dedicating a day of learning, please [click here](#), or call Levi Zeffren at 847-982-9191 Ext. 325.

PRE-NURSERY

NURSERY

KINDERGARTEN

The yeladim in Pre-Nursery have had a great time learning about Shabbos Kodesh! They have been working hard to create a Shabbos play kit to take home. They have stuffed and braided a "challah," decorated a kiddush cup, and painted a beautiful base for "shabbos candles" that really glow! Once they finish making a challah cover and havdalah set, they will take it home for hours of imaginative play!

It's butterfly week in Stay & Play! We made delicious butterfly snacks. We did some fine motor and color matching activities and enjoyed the sunny weather!

The kindergarten yeladim are preparing for their graduation! Look out Kittah Alef - here we come!

In Math, we are learning how to describe and compare objects by length, height, width, and weight. New vocabulary words such as longer, shorter, heavier, and lighter, were introduced. We used standard (tape measure, ruler) and non-standard (unifix cubes and counters) methods to measure various objects in our classroom and recorded our data. One of the objects we weighed was candy which was a lot of fun because we got to eat it after we were done! Another new word we learned was capacity - how much a container can hold. In our experiment we discovered that a taller container does not necessarily have a greater capacity and can actually hold less than short, wide ones. We love hands-on math!

Have a Good Shabbos!

## Summer Tutoring List 2021

Dear Parents,

Below is a list of teachers who are willing and qualified to help you meet the educational needs of your children.

1. Ask the classroom teacher about your child's learning needs.

2. Interview the tutor and look for a good match for your child.

*Most importantly, make this a fun experience for everyone involved.*
