5th Grade News

By Miri Mashiach, Zoe Glickman, Ahuva Peikes, Eliana Khvilovsky, and Shira Kremer

Dear Readers, Last week we finished Battle of the Books!! So exciting. Congratulations to our second place winner, The Racing Readers and in first place... The Rapid Readers!!! In Mrs. Schur's class we are finishing up Navi, Shmuel Alef. In Mrs. Turoff's class we have recently been doing lots of assessment tracking. In Mrs. Borth's class we have been preparing to share our fantasy stories as well as our Persuasive Writing extra credit projects. In Mrs. Freeman's science class we're making pamphlets to persuade people to go to different bioms. We are brainstorming our ideas for the end of the year egg drop as well.

5th Grade Battle of the Books News

By Mrs. Eimerman

We are so proud of the 5th grade students who competed in the 2021 Battle of the Books.

Special recognition goes to the five girls who read all 25 books and submitted book logs to their teachers: Dana Stein, Dahlia Osgood, Nesya Goldman, Danya Cohen, and Michal Belsh.

Each of the girls' teams competed in seven matches.

Special recognition goes to the three boys who read all 25 books and submitted book logs to their teachers: Vova Rapoport, Kivi Samberg, and Avi Hunter

Each of the boys' teams competed in nine matches.

Congratulations to all of the students for their hard work.

KINDERGARTEN

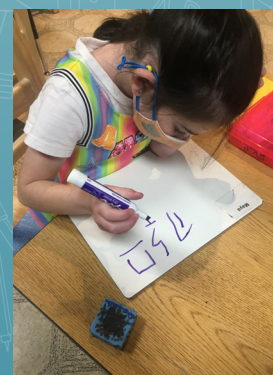

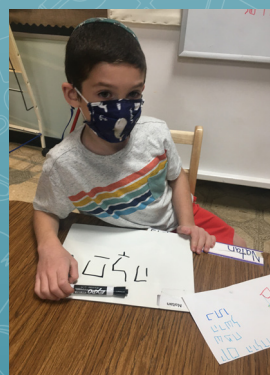

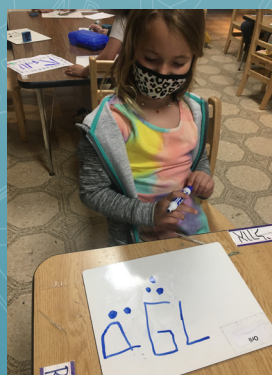

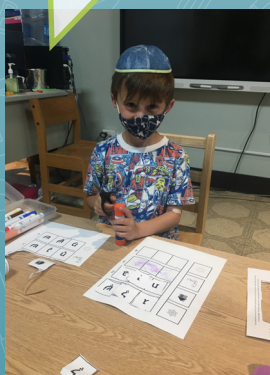

The Nursery Yeladim have grown so much this year and are now ready to daven from a Siddur!

The Yeladim are preparing for their א-ב siyum by making personalized placemats. They are so excited!!

At the end of the year review, K3 sounded out words and made words out of letters. Kittah א, we are on our way!

The Kindergarten classes are having fun learning about the summer Olympics which will take place in Japan this year. This week was track and field. We discussed first, second and third place medals as being gold, silver and bronze. We competed in baton relays and hurdles as well as throwing the discus (frisbee). More Olympic fun to come!

The Plum Room Stay & Play had a blast learning all about the different ways robots help us. The Yeladim then had a great time using their imaginations and creativity to create their very own robots.

Have a Good Shabbos!

Summer Tutoring List 2021

Dear Parents,

Below is a list of teachers who are willing and qualified to help you meet the educational needs of your children.

1. Ask the classroom teacher about your child's learning needs.
2. Interview the tutor and look for a good match for your child.

Most importantly, make this a fun experience for everyone involved.

ASSOCIATED TALMUD TORAHS OF CHICAGO

NEWS RELEASE

FOR IMMEDIATE RELEASE:

Thirteenth Year of the “E.P.I.C.” Program is completed in ATT Schools

Chicago, IL – May 28, 2021 – The Associated Talmud Torahs is proud to announce the completion of its thirteenth year of E.P.I.C. Encouraging Professionalism in Chinuch. E.P.I.C. is an innovative, teacher-driven, professional development mentoring program that enables teachers to grow as educators. This program is a collaboration between the Associated Talmud Torahs, Association for Torah Advancement, and National Louis University.

The 5-month program takes place on the mentee’s school’s site. Akiba Schechter, Arie Crown Hebrew Day School, Cheder Lubavitch Hebrew School, Hillel Torah, Joan Dachs Bais Yaakov, Yeshiva Ohr Boruch, Yeshivas Tiferes Tzvi, Bais Yaakov High School, Hanna Sacks Bais Yaakov, Ida Crown Jewish Academy, Lubavitch Girls High School, and Yeshivas Meor HaTorah have all participated in the program. The individual participant selects his or her own professional goals for the duration of the program. National Louis University provides mentors to meet with principals and teachers before the program commences. The mentors observe the participants bi-weekly during instructional time. Prior to each classroom visit, the mentor and mentee meet to discuss the upcoming lesson. After the lesson, a post observation conference occurs to review the mentor’s observations and the mentee’s reflections about the strengths and weaknesses of the lesson, and to discuss possible alternative strategies to consider utilizing in the future. This year, even during the Covid pandemic, the program was implemented successfully using remote technology when needed.

Principals had the following to say about the program:

“We are grateful to the ATT for providing valuable opportunities to all school employees to grow and develop within their career paths.

“In your involvement in the EPIC program, the growth that you displayed has been evident to our entire faculty.”

Teachers had the following to say about the program:

“I really gained a lot from the program even when we switched to virtual classrooms.”

I encourage teachers to participate in EPIC because all seasoned teachers can get in a "rut" and having the opportunity to have an independent, personal mentor will allow them to see themselves and their students through a new lens, which might invigorate them in a new way in the classroom.”

Mentors commented:

“...I have bragged about our lesson planning and execution of lessons to not only people in the Epic Program but colleagues in other professional areas. Your lessons were fluid and flawless.”

“I want to let you know how delighted I was to work with you as a mentor for the Epic Program.”

The goal of E.P.I.C. is to raise the bar and expectations for principals and teachers by providing both with the tools to meet the ongoing challenges of preparing the leaders of tomorrow. The strength of E.P.I.C. stems from ongoing supervision and personal reflections which are the cornerstones of the program. E.P.I.C. provides another set of eyes for problem solving and gives positive feedback to the participants.

The Associated Talmud Torahs (ATT) of Chicago serves the greater Chicagoland Jewish community as its Central Agency for Religious Education. Created in 1929, the ATT has provided a quality Jewish education to its Jewish youth through various educational opportunities. Currently, the ATT has an enrollment of 4000 students in its schools and an additional 115 in its summer programs. The E.P.I.C. program is part of the ATT’s Barbakoff Department of Teacher Education and Development.
