On Thursday last week, on the last day of Chanukah, we had our annual Chanuka carnival for 1st and 2nd graders - the boys going first followed by the girls. As we leave the present Arie Crown and move soon to our new building, the Moros were reminiscing about the carnival which began as seven booths, one made by each teacher and their class, at the time. Over the years, we have taken very good care of the booths and the carnival has morphed into twenty booths (See picture with the list of booths.) Between being with friends, playing the games and receiving Chanukah "gelt" real pennies, a dreidel, a lollypop (candle), and stickers, all for prizes, a great time was had by all! We are looking forward to the Chanuka carnival - Next Year in the New Building!!

Thank you to Rabbi Cohen and Rabbi Goyhkman and their 8th grade boys' classes for running the booths and for being so wonderful with the younger children. Thank you also for putting away your booths and for helping to clean up. Thank you to Adira Isenberg, Ezra Isenberg, Kaylie Isenberg, Rayli Stein, and Annie Engelson for staying after school on Tuesday to help set up for the carnival. Thank you to Martin and Gabriel for setting up the tables.

And as always, thank you to Rabbi Samber, Rabbi Kirshner, and Mrs. Rosenbaum for allowing us to do this special program for the children to help celebrate Chanuka in school!

Mazel Tov to Moshe (Mishka) Krinsky whose guess for "Count the Chanuka Gelt" won the chocolate Chanukah gelt for Morah Schwartz's class and Teddy Schwartz who won the "Chanukah Money Belt" candy for Mrs. Caplan's class with his guess!!

5TH GRADE GIRLS *news*

These past few weeks have been awesome! In Mrs. Kalish's class we made paper mache. For Chanuka we also started a new unit in grammar and social studies. In Mrs. Spoliopoulous's class we made a Menorah that can light up and we started learning about percents and decimals. We made paper tables and saw how many math books fit on them before they fell. In Mrs. Schur's class we played "Jewpardy" and we had a CNA (Creative Navi Assignment) on Wednesday. Lastly, in Mrs. Turoff's class we made posters for every Passuk in Perek Yud Tes. We also started Perek Chaf. This week we started Erev Shira practice - it is so much fun! By Dalia Kalman and Eliana Meyers

Yeladim Kitanote

NURSERY

This week in the Gold room we started our Aleph Bais unit and introduced the letter Aleph! We enjoyed learning our Hebrew names and looking to see who has an Aleph in their name! The Yeladim already know so many Hebrew words that start with an Aleph- like אמא, אבא, אצבע, אדום, אני, אוהב/אוהבת. We painted with our אצבעות to make אני. We also wrote and illustrated an All About Me book and discussed what we אוהב/אוהבת. Ask us what sound an Aleph makes! We can't wait to learn our next letter!

STAY & PLAY

We had SNOW much fun this past week in Pre-Nursery Stay & Play! The Yeladim celebrated winter with a unit on snow. ❄️ The Yeladim enjoyed creating snowflakes using white doilies, having fun in sensory play using shaving cream as white snow and enjoyed using their fine motor skills by cutting and creating unique individual snowflakes!!! The Yeladim especially loved playing in the snow on the playground!!!!!!

KINDERGARTEN

The Kindergarten Yeladim learned about the Brachos that Yaakov Aveinu gave to his sons and how he crossed his hands when he gave מנשה and אפרים their bracha. The Yeladim in Kindergarten started their חורף (winter) unit.

KINDERGARTEN

K-4 this week was all about the letter blends "ee" & "or"! We made grEEn monsters, we colored books about what we sEE! We did trEE math with dice! We ate cORn, we did a fun science experiment with dancing popcORn, & wrote about our favorite spORts! We are so proud of our superiOR students!!

Have a Good Shabbos!

REACH PRESENTS:

PARENTING WITH THE CPS APPROACH

Collaborative Problem Solving® (CPS) promotes the perspective that when kids exhibit challenging behaviors, they don't lack the will to behave well, they lack the skills to behave well. CPS is designed to cultivate skills like flexibility, frustration tolerance and problem solving, rather than motivating kids with rewards and punishments. This proven approach reduces challenging behaviors, equips children with necessary skills, and fosters positive relationships with the adults in their lives.
