2ND GRADE GIRLS *news*

In Mrs. Goldwater's second grade class, the girls have really been enjoying their first Mystery Science unit on animals. They learned about animal classification, habitats, biodiversity, and concluded the unit making a bird feeder learning some engineering and how to make a bird feeder that more birds would visit.

2ND GRADE GIRLS *news*

Morah Grinblatt's Super Second Grade girls commemorated Mabul Day this past Monday, the 17th day of Mar Cheshvan - the day that the Mabul started. The girls decorated their Amah Sticks. They started measuring from one end of the school and continued outside all the way to the street to see what 300 Amos (the measurement for the length of the Teivah) looks like. The girls were quite surprised when they measured their Fruit By The Foot and saw that it was even bigger than an Amah!

Boys'

Division News

1ST
GRADE
BOYS

Last week, the Kitah Alef boys' classes celebrated the completion of their first Kriah book with a Siyum! We are so proud of them!

2ND GRADE BOYS news

In Mrs. Greenberger's second grade class, the boys concluded their CKLA (Core Knowledge Language Arts) on the War of 1812 with a Reader's Theater presentation where they took the roles of the important leaders during that time.

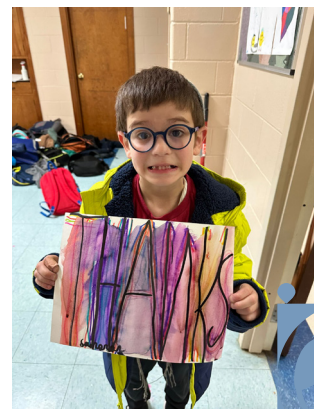

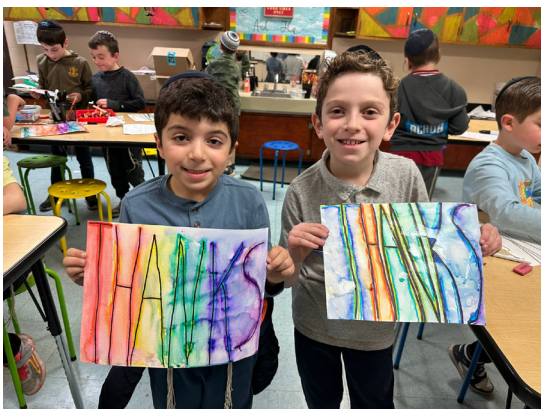

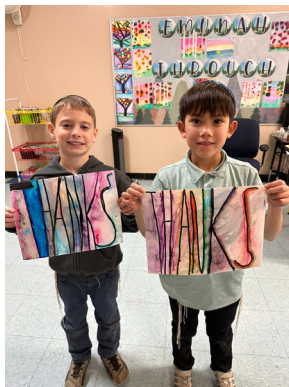

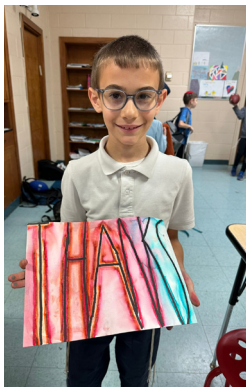

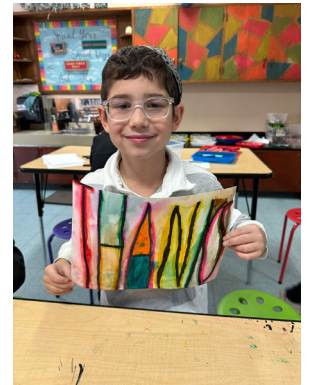

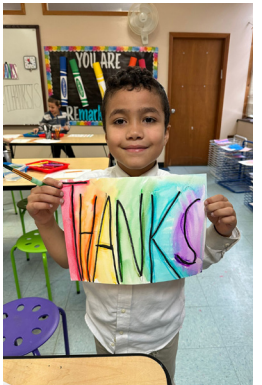

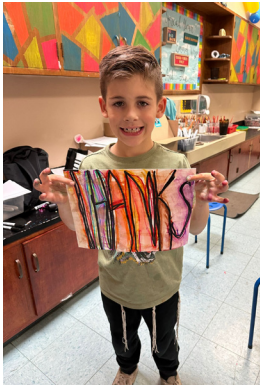

5TH GRADE BOYS news

If you don't think reading is fun, just ask one of Mrs. Malkin's 5th grade boys. This year's new Book Sellers Book Club reading program is turning voracious readers into even more voracious readers, and reluctant readers a little less reluctant. Every six weeks, the boys present their favorite books to their peers by making video commercials, redesigning book covers and jackets, or creating comic strips and poster boards. Peer recommendations are one of the best ways to introduce new authors, book series and individual titles.

In preparation for Thanksgiving, our reMARKERable artists discussed a lot of different things in their lives that they are thankful for! They had so much, that they drew the word thanks as large as they could and used a special technique to bring it to life with color. From the top to the bottom of our hearts, we are so thankful for our Arie Crown family.

THE ARIE CROWN FAMILY WOULD LIKE TO EXTEND A *mazel tov* TO:

Yeladot K'tanote

PRE-NURSERY

Parshas Chayei Sarah came to life for the Pre-Nursery Yeladim! First, they built a well using popsicle sticks. Next, they used bleeding tissue paper to color the 10 camels that Eliezer took to the well. We learned that Rivka did a Chesed for Eliezer and his camels by drawing water from the well for them. We tested how much work it took Rivka to get all that water by participating in a volume science experiment. As the children of Rivka Imeinu, we can do Chesed just like she did. To remember this, the Yeladim colored beautiful shrinky dink necklaces, identifying them as proud members of the Chesed club called Klal Yisroel.

STAY & PLAY

This week in Nursery Stay and Play we stayed **CURRENT** with the ocean and ocean animals! We discussed which animals live in the ocean and which do not. We had a chance to use our fine motor skills to cut out a shell for a sea turtle and to explore with ocean themed gel bags. One of our favorite projects was making coral by blowing paint from a straw to create different kinds of coral!

KINDERGARTEN

Connected to this week's Parsha and the story of Rivka at the well, the Yeladim learned that a pulley is a simple machine which makes a heavy load easier to lift. What fun it was to try a real pulley to lift a gallon of water! All four Kindergarten classes joined for Parsha relay races that involved carrying and passing a gallon of water, while chanting Go Rivka Go! Imagine all of work Rivka did to feed Eliezer and ten thirsty camels!
