# SINGE STORES

NURSERY

**KINDERGARTEN** 

The Nursery Yeladim learning the letter Hay. The Yeladim searched their names for the letter Hay and then used their bodies to create the letter Hay. They also created a beautiful Hadlakas Neiros project for their mothers to use when they light their Shabbos candles.

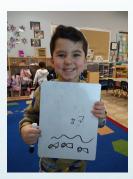

Pre-Nursery Stay & Play is learning all about construction! We're excited to learn all about the different jobs construction workers do and the interesting vehicles and tools they use. We've done tool matching games, used big trucks, played fun games, and done movement activities to "build" our knowledge!

The Kindergarten students can read, write and draw Hebrew words!

Alef Bais centers are a fun way for our Yeladim to practice Alef-Bais recognition and to build words!

What an exciting week in Kindergarten! We spent the whole week preparing for our favorite field trip of the year - we went to the moon! We made astronaut helmets and our own rockets, had an official countdown to blast off, and even made a super yummy moon snack! Kindergarten shoots for the stars!
