Professional Development

The 1st-4th Grade General Studies teachers took part in a professional development session this past Monday, led by Ellah Orevi-Greenberg of Reach. The teachers were introduced to Kagan Cooperative Learning Structures which help students successfully work in groups learning both academic as well as social skills. The teachers enjoyed learning practical strategies that they could implement immediately in their classrooms. These strategies promote cooperation and communication, boost students' confidence, increase student engagement, and improve classroom climate. Many teachers left asking for a follow-up session to learn more.

The Nursery Yeladim are busy getting ready for Purim!

The Plum Room Pre-Nursery class is celebrating Adar with castle building, Purim dress up and dramatic play, singing, gragger making, "sofer" activities, and a Super Science of Sound workshop! We can't wait for Purim!

The Kindergarten Yeladim are ready for Purim! They have their Megillahs, Graggers and Shalach Manos bags ready to go along with some other projects that helped them learn the story and the four Mitzvos of Purim! Purim Sameach!

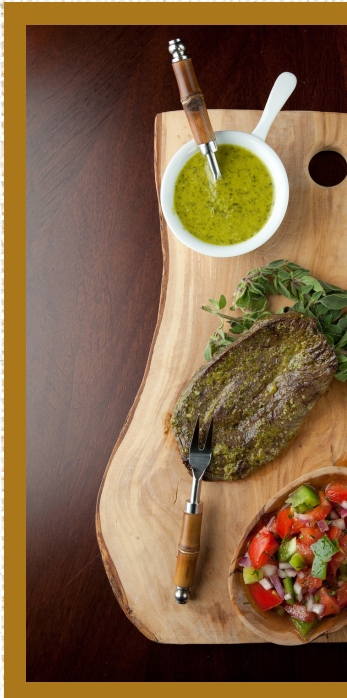

The EC Campus was privileged to meet and hear from Sergeant Tzvi Crandall, an IDF soldier, who shared with us how much our Tefillos, our learning and our Mitzvos are helping Israel. The Yeladim had the opportunity to ask questions. They made beautiful cards for him to bring back to his unit. The program ended with the singing of Hatikvah. Thank you Morah Ashira for arranging this meaningful program for the Yeladim.

The Kindergarten Yeladim are becoming more comfortable reading books! They especially like being paired up with a partner and then they take turns reading to each other.
