Reminder: Please send your child to school with a water bottle. No cups will be given out.

4th Grade Boys News

Mrs. Goldmeier's 4th grade boys have been working as a team to fill the class ball jar. Their hard work, helping hands, and good middos have paid off. Thursday they were rewarded with a game day for filling the jar. Keep up the good work boys!

1st Grade Girls News

First grade girls play a game of double final consonant words: fizz, less, bell, mess, off, puff, ball, whiff, buzz, doll... It made learning fun!

5th Grade Girls News

This week in Mrs. Kalish's 5G social studies class, the girls are learning all about Christopher Columbus. The girls had an opportunity to flex their creative muscles by writing diary entries from the Native point of view, creating and presenting skits on Columbus's story, and playing review games to solidify the material. Each group did an awesome job (and definitely generated some laughs from the skits)! In reading, we're continuing our work in book clubs and are busy preparing for upcoming debates!

2nd Grade Boys News

Morah Schwartz's Super Second Grade playing a key word review game.

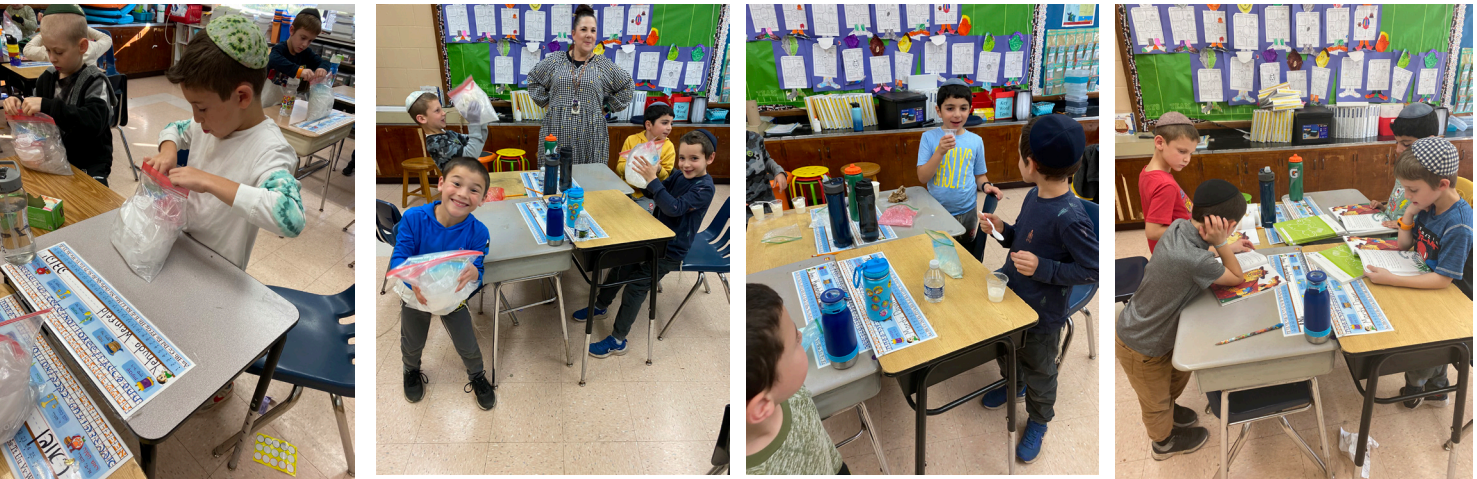

2nd Grade Girls News

Mrs Coe's second grade girls had the best time learning all about rural, urban and suburban communities. They divided up the classroom into the three communities. Administrators and the first grade girls' classes came and toured the communities as the second graders shared all they had learned.

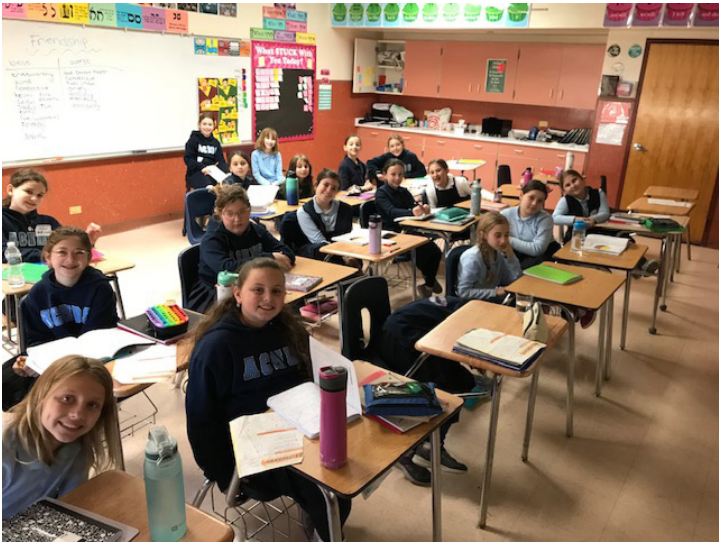

2nd Grade Boys News

Miss Gutstein's 2nd graders did a science experiment to make ice cream!

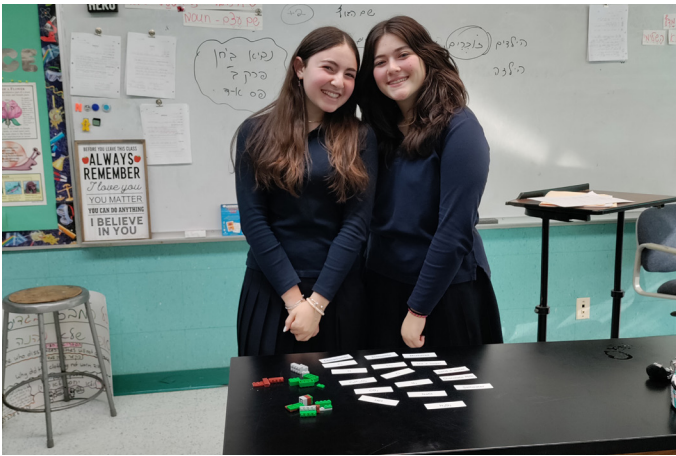

5th Grade Girls News

The 5th grade girls have been very busy in room 404! We have been learning about microscopes and cells. Here we are in class coloring and labeling all the parts of the cell in our science notebooks, while singing along to our favorite new song “Cell City.”

8th Grade News

The 8th grade Physical Science class has started the year with their Chemistry unit. After mastering the Periodic Table of Elements and atomic structures, the children progressed to learning about elements, compounds, and mixtures. This week’s station lab used Lego pieces to reinforce the lesson of what makes elements, compounds, and mixtures similar, as well as different from each other. After the Legos were cleaned up, the children organized various examples into the three categories. Everyone worked hard, and they made Mrs. Kantrowitz very proud of their hard work!

5th Grade Girls News

The 5th grade girls in Mrs. Turoff's class learned B'Chavrusa and performed Chumash skits!

3rd Grade Boys News

The third grade boys are working hard in math, reviewing the skills from the chapter they just finished.

7th Grade Girls News

Mrs. Hainsfurther's 7th grade girls studying for a test together!

Middos Matter News

Arie Crown's Middos Matter school-wide initiative is continuing strong! "Be Respectful, Be Responsible, Be Safe, Be Kind" are our schoolwide expectations.

***** MIDDOS MATTER ALL STARS!! *****

As part of our Middos Matter program, teachers have been giving Middos Matter points for students who have demonstrated their Respectful, Responsible, Safe and Kind behaviors around school. Every week, we recognize the students who have earned the most points in each class that week and they each receive a small prize.

Congratulations to the winners from last week!

Gabe Willner • Yehudit Mostofsky • Mia Goldman • Dani Dissen • Talia Kleinman • Lazar Rubin
 Sarah Freedman • RJ Nussbaum • Menucha Strusman • Aryeh Belsh • Zevy Berkovich

Morasha presents a West Rogers Park Shabbat of Chizuk this upcoming Shabbat, November 11-12th with Rabbi Ari Bensoussan. There will be a Friday night Oneg (with Zemiroth) at the home of Rabbi Yaakov and Orah Azose (3046 Fargo) at 8:00pm. Shabbat morning Rabbi Bensoussan will be speaking at Ohel Shalom Torah Center at approximately 9:45am. Shabbat afternoon pre-Mincha shiur (4:00pm) and Seudah Shlishit (5:10pm) will be at Sephardic Congregation on Howard. We are also honored and excited to have Rabbi Bensoussan as the keynote speaker for a Melava Malka at 7:30pm at the home of Dr Yigal & Donna Yahav (8630 Keeler Ave, Skokie).

The Yeladim in Kindergarten made butter just like Avraham Avinu in Parshas Vayeira. We then spread it on crackers for a delicious snack! The Yeladim also created the scene of Avraham greeting the 3 Malachim by his tent. They were able to retell the story using their props and puppets - great job Yeladim!

The Kindergarten Yeladim are already up to the letter Vav in Alef Beis. We are so excited that we have learned our first Nekudah - the Patach and we are now beginning to blend a letter with a Patach!

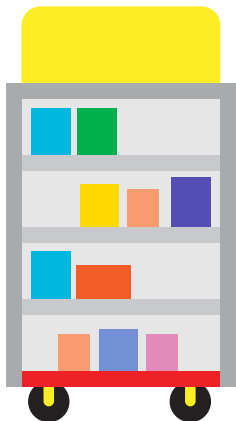

This week 2 more Kindergarten classes got to go to the Grove Nature Center to celebrate Fall season. We had great weather, and had a wonderful time on our nature walk. We even spotted an owl in a tree! We experienced what it's like to be early pioneers living in cabins. We even got to practice some of the chores they did, such as ironing, grinding corn, washing laundry and hanging it up to dry, and drawing water from the well. In the exploration center, the children saw turtles, and many types of snakes, one of which they got to pet! Overall, everyone had a great time and learned a lot!

Have a Good Shabbos!

PUT YOUR TAX DOLLARS TO WORK FOR OUR CHILDREN

ALLOCATE YOUR TAX DOLLARS
TO ARIE CROWN STUDENT SCHOLARSHIPS **TODAY!**

What is STC?

The Invest in Kids Scholarship Tax Credit Program (STC) was enacted by the State of Illinois in 2017. Under the program, local individuals and businesses that make an STC donation receive a 75 percent Illinois state income tax credit. The donated funds then provide scholarships to low- and middle - income children to attend qualified, non-public schools, including about 200 students annually at Arie Crown.

Is this program for me?

If you have Illinois state taxes withheld from your paycheck
OR
if you pay estimated taxes, you can benefit from this program

- Build skills & confidence in using the CPS approach
- Develop new understanding of challenging behavior & learn new ways to help your child
- Gain support from other parents
- Limited spots available
- FREE

To learn more, contact:
Aviva Needle
aneedle@reachchicago.org

November 6, 20; December 4, 11, 18; January 8
11:00 AM – 12:30 PM

at the ATT

3531 Madison St., Skokie, IL

**Must attend all 6 sessions*

Facilitated by:

Rusi Sukenik

M.Ed., CPS-certified

Director of Student Services, REACH

The **Collaborative Problem Solving® (CPS)** approach is an evidence-based method to managing challenging behavior that promotes the understanding that **challenging kids lack the skill - not the will - to behave**; specifically, skills related to problem-solving, flexibility and frustration tolerance.
