Congrats to all of our winners. This week in Navi we had a special visitor! Shmuel Hanavi came to our class for a visit. He told us about Shaul becoming king. Surprisingly he knew all of our names! We can't wait for next week!

Mrs. Lichtman and Mrs. Dubovick's 6th grade girls really enjoyed making edible floral cupcakes in honor of the Yom Tov of Shavuos last week. The girls had fun using their creativity as they decorated their floral cupcakes with their own designs. We are sure this treat added a special touch to their Shavuos learning experience. We will be celebrating a few special end of the year milestones together as we finish off our school year. Have a Good Shabbos!

The Nursery Yeladim were so fortunate to be visited by Rabbi Yochanan Nathan, a real Sofer! He showed us how a Sefer Torah is created, from the first step until the last. Then, the Yeladim enjoyed writing Aleph Beis letters in a "Torah" using quills and black ink!

The Nursery Stay And Play are learning all about the sun and summer! We had an amazing tactile experiment where we made our suns using our hands! What beautiful artwork!!! We also did a Science experiment to see what would happen when certain products were left in the sun. We used pennies, chocolate chips, ice, blocks, marshmallows and paper clips. The highlight of the week was when we turned off the lights and used a flashlight to shine on a globe demonstrating day and night across the globe! We shined the flashlight on America, demonstrating day while we pointed out Israel which was dark. This made the time difference very real to the Yeladim.

Mazel Tov to the Kindergarten Yeladim who celebrated their first Siyum upon completion of the Alef Beis! Thank you to Rabbi Samber who came in to wish us all a Mazel Tov. Thank you to Rabbi Kirshner who played Alef Beis games with us and spoke to us about this very important milestone! Thank you to Morah Shoshana for the delicious cupcakes which we decorated with chocolate chips in the shape of Alef Beis letters!

The Kindergarten classes went on a field trip to Wagner Farm this week. We got to tour an old farmhouse and see how farmers used to live. The farmer demonstrated how phones were used many years ago and we practiced doing laundry manually like they did; it was quite a workout! We learned all about gardening and vegetables that grow underground and even got to see chickens!

Have a Good Shabbos!
