– No Stay n' Play

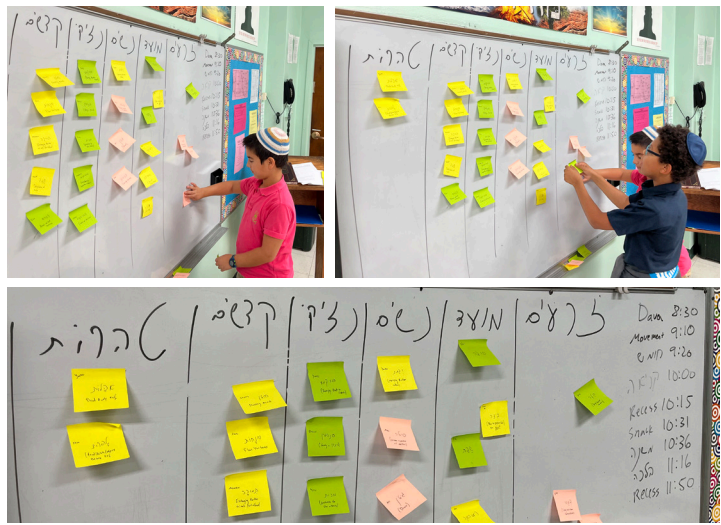

3rd Grade Boys News

3rd grade boys are working hard to find examples of themes in "The Wind in the Willows".

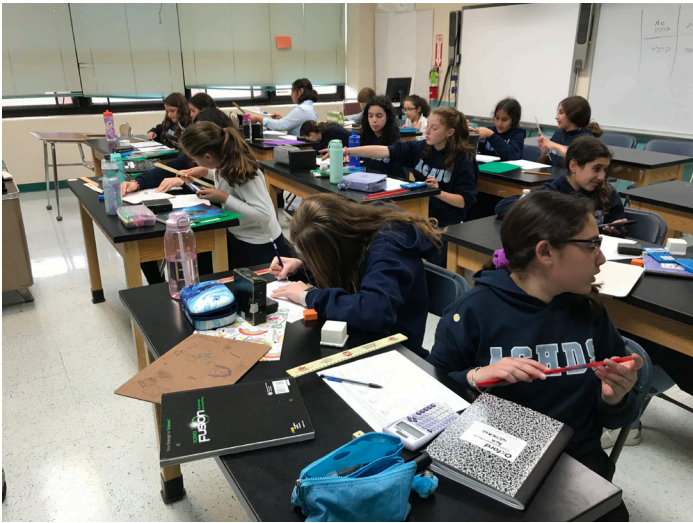

5th Grade Boys News

We memorized the 6 Sedarim of Mishnayos and which topic each one deals with. They were organizing the Meschtos and putting each Meseches in the correct Seder

7th Grade Girls News

7th grade girls practice science measurement.

5th Grade Girls News

This week, Mrs. Kalish's 5th grade girls kicked off their first unit in social studies with a balloon activity! To re-familiarize themselves with some geography, which will be pertinent when learning about each explorer, they cut out paper representations of the continents and pasted them onto a balloon, which acted as their globe. The girls did an awesome job!

In science class, the 5th grade girls are learning about how scientists use the power of observation to learn about the natural world. Last week, we practiced good observation skills by looking closely at a penny and making detailed drawings using a magnifying glass. We were quite surprised at all the information one can find on just a penny! It was a fun way to learn how scientists carefully observe, investigate, and record their findings.

🎨Art News by Mrs. Rifi Bleichman 🎨

The 1st-4th grades have been working hard learning all about different types of lines! It is awesome to see all of the different line combinations the 1st-grade girls made in their crazy hair drawings, as well as the 1st-grade boys who are currently working on their line monsters. They also learned how to make spider webs by combining different types of lines. The 2nd graders had a blast pushing a button around their paper with their marker creating new shapes and designs. One 2nd grader thought it was just like their Roomba at home! 3rd graders are working hard on their optical illusion line drawings. They learned that when pictures are broken down into small parts, it is a lot easier to do it! 4th graders were inspired by artist Jen Stark who creates abstract drips of color. We talked about her patterning and color contrast, and then we began creating our own drip art! In the coming weeks, the entire 4th grade will bring their artwork together to create our very first mural! Keep an eye out for our work in progress!

8th Grade Girls Student Council News

This summer the Girls Student Council had so much fun working on the theme for this year and all the programs! Come visit the girls' wing to see all the magnets and bulletin boards! Start getting excited for opening activity and the Big Sister Little Sister activity! This week during lunch we celebrated August birthdays. On the birthday of a third through eighth grade girl, the eighth grade girls perform a birthday song and dance for the birthday girls and give them candy and a bracelet kit. Hope you had a good summer! From eighth grade Student Council.

The Arie Crown Family would like to extend a Mazel Tov to:

BIRTHS:

*Mr. and Mrs. Moshe (class of '09) and Leah Farekas on the birth of a baby girl. Mazel Tov to the grandparents, Mr. and Mrs. Alex and Shiandel Farekas and Dr. and Mrs. Moshe and Ruth Rubin.

PRE-NURSERY

NURSERY

KINDERGARTEN

The Nursery Yeladim explored with apples this week! We learned about how apples grow from tiny seeds to blossoms to baby apples and finally into the delicious apples that we enjoy on Rosh Hashana! We read the story "10 Apples Up On Top" and put our balancing skills to the test as we tried to see how many apples we could balance- on our heads! We also went apple "picking" in our classroom and dipped apples into paint in order to create colorful placemats for our Rosh Hashana tables!

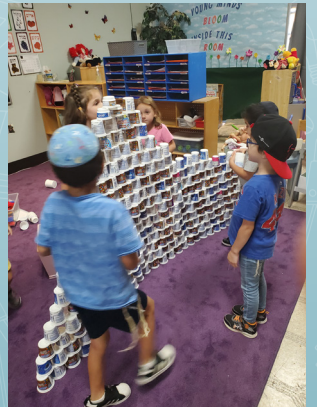

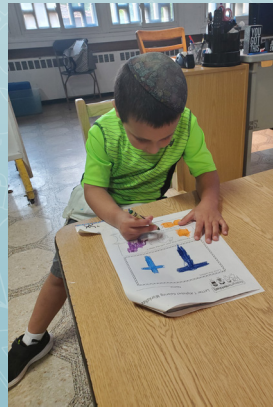

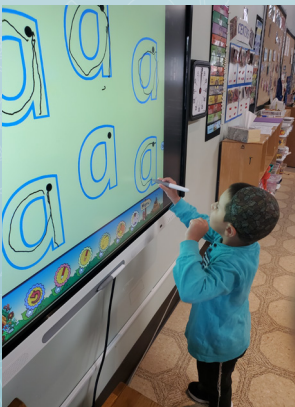

The Peachies have been having so much fun starting our first Stay n' Play unit and learning all about BUGS! 🐛 We used special magnifying glasses to go on a bug hunt, created our very own insects out of different shapes and colors, and played a fun bug Bingo! We even created our own ladybug snack out of rice cakes, jelly, and mini chocolate chips! 🍪 The Peachies can't wait to explore what kind of bugs they can find at home! 🐛 🍌 🍌 🍌

The Kindergarten Yeladim had a "blast" at the shofar factory where they learned all about where a shofar comes from and how it is made. Thank you Rabbi Schanowitz for a fun and educational experience. Thank you Morah Shoshana for arranging this fantastic program for us! Shana Tova U'metukah everyone!

What another great week in Kindergarten! There's been a lot of learning going on! This week we learned the letters 'Aa' and 'Tt'. We learned what sounds they make and how to write the letters. Also, during playtime, some children were building with yogurt containers. Eventually, most of the class came and joined in and made a huge wall. We decided to call it the Friendship Wall. This was a great way to learn about teamwork, balancing, stacking, and patience.

Have a Good Shabbos!

THE ARIE CROWN ZIRA G. RAY PTA
PRESENTS OUR ANNUAL

TZEDAKAH DRIVE

All contributions go towards programming
for the students at Arie Crown.

DRIVE RUNS FROM
SEPTEMBER 18, 2022-
OCTOBER 20, 2022.

100% Give/Get Credit given for all donations.
Donate online at ariecrown.org/tzedakahdrive.

*tax letters available upon request.

Ignite Your Children's Curiosity with After-School STEM

**Fall After-School
Programs Begin
September 15**

- **Woodshop** •
GRADES 5-8

Learn basic wood working techniques using hand tools to create custom DIY projects.

Boys Beginner: Mondays • 5:30 - 6:15 pm
Boys Intermediate: Tuesdays • 5:30 - 6:15 pm
Boys Beginner/Intermediate: Thursdays • 5:30 - 6:15 pm
Boys Advanced: Wednesdays • 5:30 - 6:15 pm

- **After-School Coding** •
GRADES 5-8

Discover coding with animations and games, learning the languages of Python and Java, Levels 1 or 2.

Girls Level 1: Tuesdays & Thursdays • 4:30 - 5:30 pm
Boys Level 1: Mondays & Wednesdays • 5:40 - 6:40 pm
Girls Level 2: Mondays & Wednesdays • 4:30 - 5:30 pm via Zoom
Boys Level 2: Tuesdays & Thursdays • 5:40 - 6:40 pm

- **After-School Math** •
GRADES 5-6

Experience fractions with real-life projects and challenges, for a deeper understanding and appreciation.

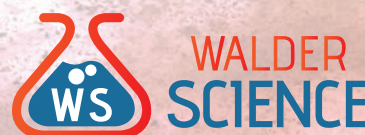

Girls: Tuesdays & Thursdays • 4:30 - 5:30 pm
Boys: Tuesdays & Thursdays • 5:40 - 6:40 pm

- **After-School Science** •
GRADES 4-8

Explore flame and light science, including candle making and combustion, with insights into the Wicks and Fuels of BeMeh Madlikin!

Girls: Mondays & Wednesdays • 4:30 - 5:30 pm
Boys: Mondays & Wednesdays • 5:40 - 6:40 pm

To register or learn more,
visit www.walderlab.org or call 773.649.5360

It's Time for Sunday STEM Learning!

**Fall Sunday
Programs Begin
October 23**

- **Super Science Sunday** •
GRADES 1-3

Combine fun and learning with engaging hands-on experiments with cutting-edge topics in a fully-equipped lab.

Girls: 10:00 - 11:00 am
Boys: 1:45 - 2:45 pm

- **Sunday Math Enrichment** •
GRADES 3-4

Gain a deeper understanding of multiplication with real-life projects and challenges.

Girls: 11:15 am - 12:15 pm
Boys: 4:15 - 5:15 pm

- **Jr. Super Science Sunday** •
GRADES N-K

Introducing young minds to the excitement of science, while developing critical thinking skills and curiosity.

Girls and Boys: 10:00 - 11:00 am or 1:45 - 2:45 pm

- **Advanced Super Science** •
GRADES 4-6

Discover and experiment with mind blowing advanced science.

Girls: 11:15 am - 12:15 pm
Boys: 3:00 - 4:00 pm

- **Lifecycles** •
GRADES 4-6

Explore habitats and lifecycles with ducklings, tadpoles, and isopods in a complete indoor pond environment.

Girls: 11:15 am - 12:15 pm or 12:30 - 1:30 pm
Boys: 1:45 - 2:45 pm or 3:00 - 4:00 pm
