Boys Mishmar Spotlight by Rabbi Gottesman

5th Grade Spotlight: Ashi Karsh
Numbers are a great way to measure achievement. Keeping track of how many times you cover something, is a great motivator. However, Ashi knows that the number is much less important than the goal, to master Torah. With that goal in mind, you can always find Ashi learning and trying to improve his understanding of the material.

"Mishmar is great because it not only lets me learn the Mishna, it helps me understand it! I like challenging myself with Mishnayos, and reviewing each one more and more, until I know each Mishna without translation! Mishmar, also, has great rewards, such as trips and snacks!"

6th Grade Spotlight: Chaim Samberg
Come to the front of the Beis Medrash, and you can see Chaim shteiging away. Always ready to learn, spending the entire time looking at his Mishnayos, and learning with his Chevrusa. Chaim is someone that knows how to use every minute, just keep going over and over until it is mastered.

"Before Mishmor, my basic idea of the Beis Hamikdash was a holy place of worship. I had some insights, based on Parsha, but Mishmor taught me so much more. I now know confidently when the Korban Tamid was done, or when the Kohen Gadol would tovel. For me, Mishmor is a place to learn about the ways of the Beis Hamikdash long ago."

What a great couple of weeks we had in the Peach Room learning and preparing all about the holiday of Pesach!! The Peachies really enjoyed participating in various Pesach projects including a Yam Suf, Matzah cover, Afikoman holder, and creating a pillow for the Seder!!! The Yeladim enjoyed acting out the story of Pesach with lots of songs and music!!!! 🥰🥰🥰 The Peachies especially loved being cute little frogs in Mitzrayim!!!! 🐸 Hooray for the Jewish people and the Peachies who left Mitzrayim!!!! 🍪🍪🍪

This week in Stay and Play we learned about different sports that we play and the balls used as well. We loved playing with a parachute and making balls jump while we shook the parachute! Did you know that a soccer ball has three shapes? A pentagon, a hexagon, and a circle!

Many preparations are underway in Kindergarten as each child makes a Haggadah, Pesach apron and more! The Yeladim in have made two-sided Mah Nishtana sticks for each question to use as visuals at their Sedarim. As we don't have a Beis Hamikdash yet, our Yeladim made Siddurim to daven with at school.

The Kindergarteners learned how to write stories this week! We illustrated first, and then wrote about the character and settings. They were amazing! Of course we also found time for lots of play! 🥰

Have a Good Shabbos!
