Where Middos and Learning Are Linked Together

2nd Grade Boys News

The Super Second Grade boys decorated kittels for Pesach. The boys traced and colored important Pesach pictures and themes on their kittels and did a great job.

A big thank you to 7th grader Avigail Goldberg for sewing and fixing the kittels for our boys to decorate and to Morah Ahuva and Morah Meisels for preparing the kittels and helping with the project.

Mazel Tov to Natan Eisenberg, Alex Steinberg, and Mordechai Dayan for filling up their gem containers. They received gems for good focus during Davening.

Monday, April 17
School Resumes

5th Grade Girls News

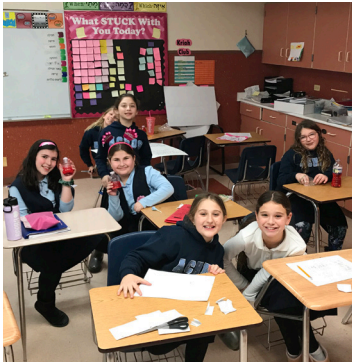

In Mrs. Schur's class we learned in Shemiras Halashon that you can't tell over Lashon Hara to someone else. We also continued in Haggadah. In Haggadah we have the Ma Nishtana in Hebrew, English, Spanish, and Yiddish! We had a great time! In Navi we finished Perek Vav. We are so excited for Pesach! By Ashira Israel and Rochel Reva Kantrowitz

Last week we started filling in our Haggadah with Mrs. Schur! We learned about selling our Chametz to a non-Jew so that we don't own any on Pesach! In Mrs. Turoff's class we also got our Haggados! We had an amazing time at the Rosh Chodesh breakfast on Thursday! Have a great Shabbos! By Reva Lopin and Tiki Karsh

5th Grade Girls News

We are almost done with our volume 1 math book! We are multiplying and dividing decimal numbers. In the other math class, we are learning how to find the area of composite figures. We are so eager to learn more! In science, we are learning about blood. It sounds gross, but it's very interesting! We also made a model of the four components of blood in a small plastic bottle. By Bracha Blisko and Ilana Vladimirskiy

6th Grade Girls News

We are so proud of the girls who went the extra mile to be in shul for all 4 of the Arba Parshiyos, and treats were enjoyed. Pesach preparations are positively under way in Kitah Vav! Right after Purim, we started learning Halacha , Haggadah , a Pesach medley and sharing in Divrei Torah in order to be properly prepared for the night of the Seder and beyond. We even made a personalized Matza cover ! Wishing everyone a Chag Kosher V'Sameach!

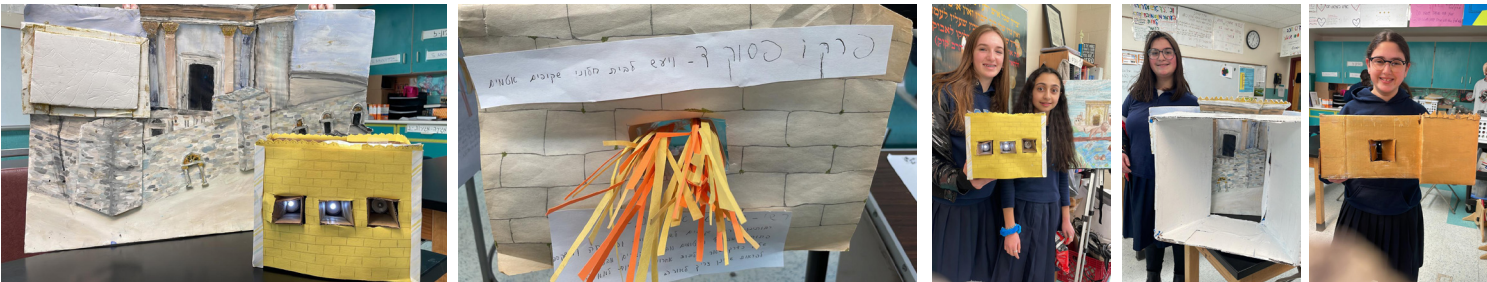

6th Grade Girls News

In science class, the 6th grade girls presented their own stories and games that they created on the water cycle.

7th Grade Girls News

In Morah Abowitz's Navi class the girls learned how amazing the windows of the Beis Hamikdash were made. Regular windows bring light into the house but the windows of the Beis Hamikdash were made the opposite way and brought light to the world. The creativity of the girls projects was beyond words!

In Morah Abowitz's Halacha class the girls learned Hilchot Pesach and worked on a project for the Chag! There is so much learning and excitement in our class B"H!

In Morah Abowitz's class we combined learning with art and brought our learning to life with paint!

1st Grade Girls News

Mrs. Steinfeld and Mrs. Atlas's 1st grade girls are all ready for Pesach!

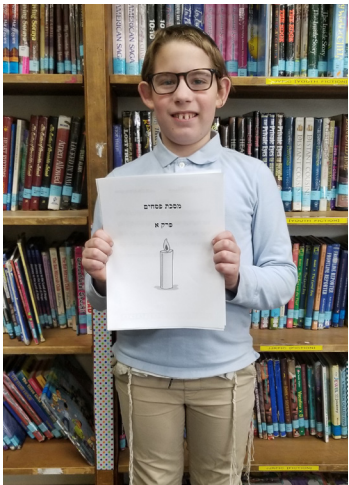

2nd Grade Girls News

The 2nd grade girls made beautiful pillows to use at the Pesach Seder. They also decorated posters depicting each of the 10 Makkos.

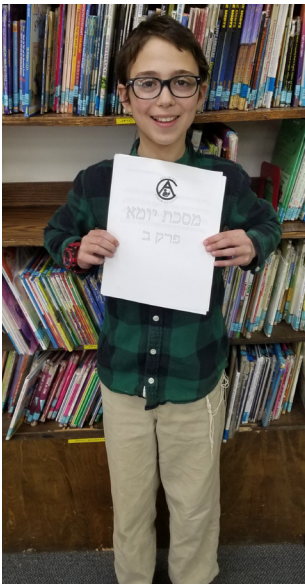

Boys Mishmar Spotlight by Rabbi Gottesman

5th Grade Spotlight: Yitsi Kilstein

The greatest Nachas a teacher can have is when a Talmid comes over and says he reviewed his learning. With Yitsi, I get that Nachas over and over. Just this week, Chazara started with Yitsi saying he learned the three Mishnayos we learned that night 12 times. About ten minutes later, he says he did it 24 times. Before the end of Mishmar, he comes and tells me that he finished 36 times! IY"H, I will be getting this Nachas over and over again.

6th Grade Spotlight: Hershy Gertsberg

When I walk into the Beis Medrish getting ready for the Shiur, it is quite common for me to find Hershy already there and learning. His commitment to being a Masmid is outstanding, and it is not limited to the meager hour that is dedicated to Mishmar. It's a wonderful sight to see someone with such dedication.

Maot Chitim News

Thank you to everyone who brought in food and/or to help support Maot Chitim. Thank you to the 8th grade boys and their Rabbeim, Rabbi Cohen and Rabbi Goykhman for unpacking the boxes and organizing the food into different food groups! Our school brought in 700 cans and almost \$750. The winner for the class pizza party with be announced after Pesach.

Middos Matter News

Arie Crown's Middos Matter school-wide initiative is continuing strong! "Be Respectful, Be Responsible, Be Safe, Be Kind" are our schoolwide expectations.

**** MIDDOS MATTER ALL STARS!! ****

As part of our Middos Matter program, teachers have been nominating students who are Respectful, Responsible, Safe and Kind around school. Every week, we recognize the students who have nominated. We also do a special raffle for 6th-8th grade winners.

Congratulations to the winners from last week!

PRE-NURSERY

NURSERY

KINDERGARTEN

Shoshana Safirstein
Early Childhood Director
ssafirstein@ariecrown.org

The Emerald Yeladim did a great job searching for Chometz and then 'burning' the Chometz to get our room ready for Pesach! We explored a real horseradish and discussed how some people use romaine lettuce instead of real Maror. Everyone did a great job inspecting the lettuce on our light table to make sure the leaves had no bugs in them!!

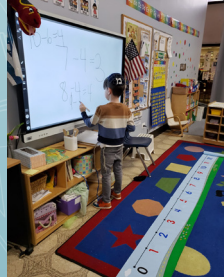

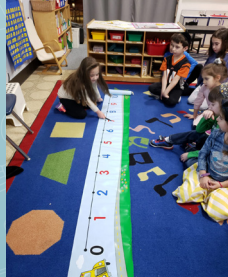

This week the Nursery Stay And Play learned all about deserts!! We learned that deserts have very little water! We discussed what plants and animals can be found in a desert. We had so much fun with a sensory activity, playing with sand and snakes!!! We used our finger to stamp the correct amount of camels (one to one correspondence) and then for snack we sorted through our animal crackers until we found desert animals!! We made our own colored sand and then made sand formations! We also had fun making a cactus out of sour dough and spaghetti. We learned that the plural of cactus is cacti!! What a fun week!

The Matzah Bakery came to visit our Kindergarten Yeladim this week. The Yeladim saw how wheat is ground into flour. They then made their own Matzah!! They had a blast!!

Have a Chag Kasher V' Sameach

Last week in Kindergarten, we began a unit on coins, learning to recognize the different denominations. One of the things the students noticed was how dirty our pennies were so we wanted to answer the question, "What would be the best thing we can use to clean a penny?" The students brainstormed and came up with ketchup, vinegar, baking soda, apple juice, hand sanitizer, and hand soap. They covered the pennies and left them for a few days before washing them off. The students made many predictions which all turned out to be wrong. Surprisingly, the ketchup did the best job!

In Kindergarten math, we are learning how to write math sentences and practiced using the symbols for minus and equals. Using a giant floor number line, the students practiced subtraction and wrote their math sentences on the board. Math is one of our favorite subjects! (Along with phonics and science!!)

Have a Good Shabbos!
