Girls' Division News

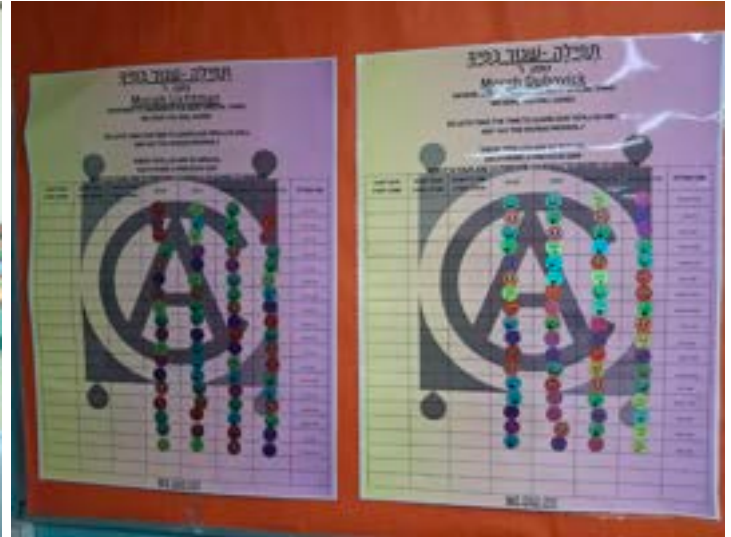

**6TH
GRADE
GIRLS**
news

Our 6th graders have been working diligently to explore the wonders of our Solar System! To culminate their unit, they proudly presented their incredible planet dioramas, showcasing their creativity and knowledge of the planets and other objects in our Solar System.

6TH GRADE GIRLS *news*

Mrs. Dubovick is very proud of both of the 6th grade classes!! All the girls completed the first four Tefillos in our school-wide Kriah program so far!! This has helped us with our daily Tefillos, which we recently added into our davening. We will now move on to practicing our Tefillos for Shabbos!! Keep up the great work girls!!!

5TH GRADE GIRLS *news*

It's our 1st week after winter break and we jumped right into it! We started Parshas Mishpatim in Mrs. Turoff's class. In Mrs. Schur's class we started a new Perek in Navi. In Science with Mrs. Spiliopolous, we continued learning about water. In Mrs. Kalish's class we learned about how the British were finally able to make a settlement in America. With Erev Shira in the air, everyone's excited! Can't wait for next week!

Have a great Shabbat!

Division News

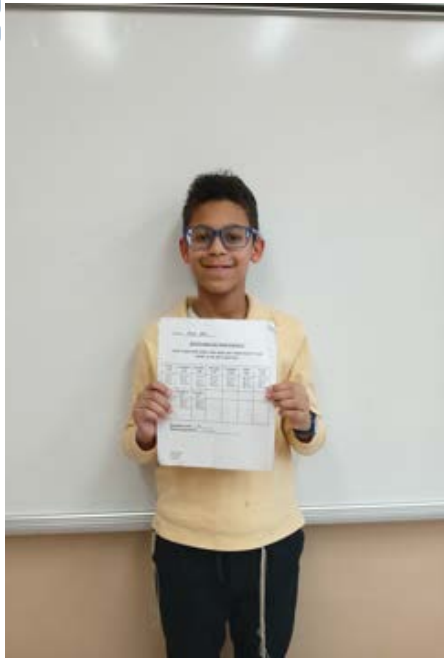

2ND GRADE BOYS news

Mrs. Greenberger's second grade boys had a great time being engineers. They worked in groups to design a structure strong enough to hold a book only using index cards and paper clips. Many groups succeeded at building a structure strong enough to hold multiple books. One group even designed a structure that held 63 books!

PRE-NURSERY
NURSERY
KINDERGARTEN

Yedivot K'tanote

EC

EC is getting ready for the move to the new building!

NURSERY

In honor of learning the letter ט, the Nursery Yeladim brought in teddy bears for טוֹב Day!

KINDERGARTEN

The Kindergartners did a Hebrew vocabulary and writing activity called Read the Room with a חרף theme. Our Yeladim were detectives equipped with clipboards and pencils. They searched the classroom for signs with pictures and their Hebrew names which they wrote on their pages!

KINDERGARTEN

For Parshas Beshalach our artists illustrated the scene at the Yam Suf and added gel, as water, to demonstrate how Hashem split it for the Bnei Yisrael to walk safely through!

KINDERGARTEN

The Kindergarten students are quickly moving along in Jolly Phonics, focusing this week on the letter 'V'. The children were excited to see their friends and to write in their journals about vacation. In science, we learned about different types of volcanoes and where they are found. Then the real fun began! The students loved making their own volcanoes and witnessing the chemical reaction between the baking soda and vinegar. Watching the 'lava' erupt was so cool!

Have a Good Shabbos!

נא לברך כל הברכות

בקהל!

על ידי זה תדע שברכת
ותזכה אחרים בעניית אמן

**Please recite
all Brachos
OUT LOUD!**

This way you will remember that you made the ברכה,
and allow others to do a מצוה by answering אמן.

1,000 x Chai • 18,000 Trees • 10 per victim!

Dear Parents,

Since October 7th, many have sought meaningful ways to make an impact. With the support of people around the world, Zo Artzeinu - Israel Trees has planted 12,000 fruit trees along the Gaza border over the past year, 10 for each of the 1,200 victims symbolizing growth, resilience, and hope. Tragically, during this time, 600 of our bravest and most heroic IDF soldiers gave their lives defending Israel's survival. We cannot let their sacrifice be in vain.

We are proud to announce that we are joining the worldwide "United 4 New Trees of Life" Program alongside Jewish schools, congregations, and communities around the globe.

Beginning this Tu B'Shvat, we will help plant 18,000 new fruit trees along the Gaza and northern borders, as well as other areas across Israel.

They gave their lives for us! Together, we will honor their memory by planting 18,000 new trees, creating new life, and ensuring their legacy endures.

These trees and their fruits will yield thousands of new *mitzvot*, whose merit will be *le'ilui nishmat* our holy heroes and victims.

Together, we will transform tragedy into growth, despair into hope, and loss into LIFE!

- ✔ **Support farmers and communities in need:** Help save their farms while safeguarding the Holy Land!
- ✔ **Stand strong against terror:** Show the world that we are here to stay, and will continue to GROW!!
- ✔ **Plant 18,000 new fruit trees:** In memory of and *le'ilui nishmat* the 1,800 *k'doshim*, creating NEW LIFE!!!
- ✔ **Share in mitzvot:** Participate in mitzvot unique to the Land of Israel and in its blessing! וְיִסְרָא - וְיִצְרָא! וְיִצְרָא וְיִצְרָא וְיִצְרָא!!!!
- ✔ **Learning opportunity:** Learn about Israel's geography and history with engaging videos from farmers!!!!

Join the worldwide "United 4 New Trees of Life" program and inspire your students and parents to build a meaningful and positive connection with Israel!

All participants will share in the many *mitzvot* associated with these trees and their fruits, including: *orlah*, *teruma*, *ma'aser*, and *shmitta*. Their merit will also be *le'ilui nishmat* the victims, elevating their holy souls. The trees will be planted by observant farmers through Zo Artzeinu - Israel Trees, an organization that has already helped plant over half a million fruit trees across Israel. Everyone who participates in planting trees will receive a colorful, personalized certificate, suitable for framing, which can be dedicated in honor or memory of a loved one. Farmers and communities are already preparing the ground and are counting on us to provide the trees they need to plant.

They Gave Their Lives For Us! Plant a Tree to Honor them! Together, we will create new life in memory of those who were tragically taken from us.

If we collectively plant an orchard of 100 trees, a personalized sign will be installed at the entrance of our orchard, which anyone can visit when in Israel. Additionally, we will receive a photo of our orchard and its sign to proudly frame and display.

- We will order the fruit trees now.
- Farmers and communities in Israel will prepare the land, and start planting our trees on Tu B'Shvat.
- Every participant will receive a beautiful personalized certificate.
- When in Israel, you can visit our school's orchard and see the trees we helped plant.
- In three years, after the mitzvah of *orlah*, we can even have a taste of the FRUITS of our labor!
- We will share in ALL the mitzvot associated with the trees and their fruits.
- We will show the world that we are here to STAY while honoring our holy heroes who gave their lives for us all!

ALL tree orders can be placed online or forms can be printed and mailed in. [Click for a printable PDF form.](#)
Zo Artzeinu is a registered non-profit in the USA Tax ID 11-332193 Planting trees is tax deductible.

Feel free to forward this email along with our unique tracking link to your family and friends
This will keep track of the number of trees planted toward our goal of creating an orchard with 100 trees or more.
